Champs

Madeline and Lorelei will be attending – Hotels have been covered. \$650 are the charges for Champs.

Madeline will be participating in showjumping and Lorelei is in games. Best of luck to our MOC members.

Middelburg Horse Trials

Comments were mostly positive. Ducks in the XC warm-up – and how to manage them for next year were the main complaints. The ducks were quite boisterous, and created a bit of a problem for the novice horses, riders. XC – clocks were proposed to be bought, small investment to MOC. Lori will cover the income/expense report as everyone has it ready. Max has a list of officials for 2017, and will start to reach out to them. Krystal and Lori will approach trustees how to better manage the relationship with Bryon. We have to discuss the future of the Horse trials. Perhaps hiring a professional would be the way to go, was up for discussion. Final profit of Horse trial has not been calculated yet. Cornelia will look into sponsorships, for next year.

Lesson Programs Monday lessons have been offered by Skyler Voss at Morningside Training Center. The first one will be Monday August 15, and the 2nd August 29. Please look for emails concerning sign-ups. Skyeler needs at least three riders per group. Skyeler's lessons will be \$100. General consensus was that this is affordable since it will be every other week, and the C's have not had any lessons for a while. The c-level horse and rider combination will start the lessons, and we will ask if Erin Murphey is interested in teaching the D's at the same time.

MOC Camp

10 – 15 people will join. The Daniel Stewart Clinic 9 – 10 will start the camp for those who wish to join. Wednesday will be move in day while the Clinic is being held. All non clinic participants will learn how to properly move in. Holly Beth is back on board with Krystal. Asking C's and older members to come back to add a few hours to camp. Hannah, Ariana, Anthony will all be participating. We need old energy back to make things happen for the younger ones. Friday night will be gymkhana and polo-cross. This will be a very fun low key camp focusing on preparing the D's and younger members of the "Pony Club" way.

MOC CT –The region for national testing will set-up, but it will stay up for camp. All is in order and most of the entries will be from the camp.

MOC Leadership – We are in the process of recruiting for MOC Leadership. The DC's are looking for replacement leadership. Please reach out to any parties who may have and interest.

The next meeting was set for August 8, at David's Office and the meeting was adjourned
